

6 Step Guide to Simple Cylinder Selection

Explore this step by step guide to learn how to use the **Compact Automation** tool to configure and buy the right product for your application.

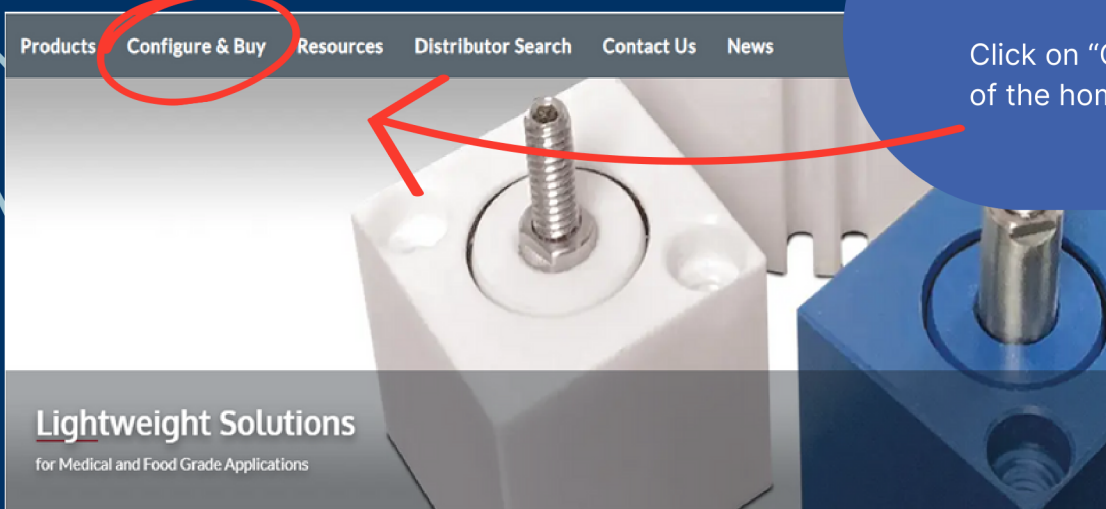

Step 1

Visit Compact Automations homepage:

Step 2

Click on "Configure & Buy" at the top of the homepage

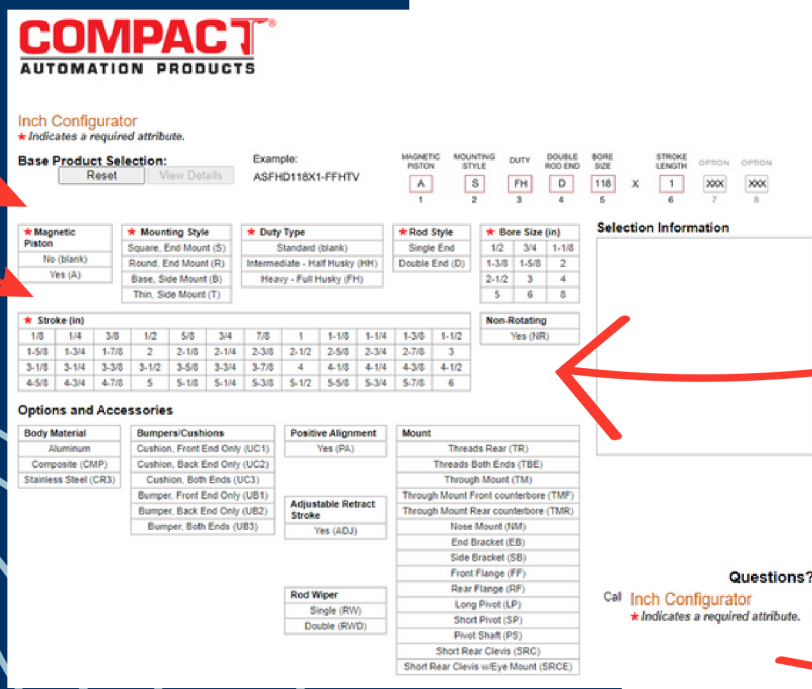

Step 3

Select the option that best fits your need. In this example we will click on "Inch Cylinder Products"

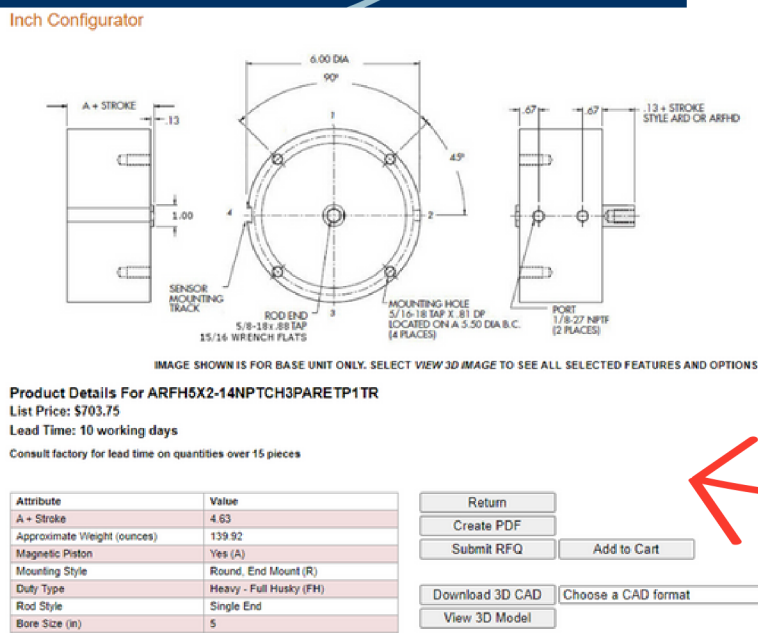

Step 4

Select your options

Step 5

Fill in all the options part numbers at the top right & click "View Details"

Step 6

And here is your cylinder! You can then download a 3D CAD model of it as well.
