Donald Engineering Vendor Partners

Partnership Driven Solutions

Clippard

Miniature fluid power product manufacturing by quality people that pride in delivering quality, precision products. *

COMPACT AUTOMATION PRODUCTS

Space efficient, quality linear and rotary solutions using air, hydraulic or electric.

CONTINENTAL HYDRECO

Hydraulic valves, pumps, & power unit systems.

EXLAR

Precision linear roller screw actuators for high speed, high force and high accuracy.

milwaukee Cylinder

Linear fluid power actuators designed to standards and for custom applications not found in a catalog.

OILGEAR

High performance hydraulic pump, valves, rotary actuators and systems.

ROSS

Innovating Fluid Control Solutions for a safer tomorrow. Leading the world in poppet Technology. **

SCHUNK

Superior clamping and gripping solutions for precision automation. * **

INXPECT	Intelligent sensing for safety & motion detection
DELTA MOTION	Motion control multi axis
CPC	Quick connect intelligent/quality
ROTOMATION	Rotary actuators
COILHOSE PNEUMATICS	Air tool accessories
Young Powertech	Mobile hydraulics
Accumulators, Inc.	Hydraulic accumulator
ADVANCED MACHINE & ENGINEERING CO.	Linear & rotary rod locks and press safety catchers
Divelbiss CORPORATION	PLC on a chip & custom solutions
Parker ORIGA	Linear rodless technology
PRESSURE CONNECTIONS	Adapters & hoses
Motion Controls LLC	Pneumatic cylinders & motion control technology
Stucchi	Hydraulic disconnects
prevost	Unique solutions for fluid power distribution around the plant or shop
TSII INC	Electrical connectors
IMC	Unique hydraulic flange technology, check & ball valves
UNIVER	Air Prep, Valves, Actuators
FreelinWade	Custom plastic tubing
UNITRONICS	Complete range of PLC's
VACUFORCE	Vacuum technology cups & accessories
TURCK	Serial bus gateways & electronics connector cable solutions
UFI FILTERS	Filtration technology
Lenze	Servo-motors & amplifiers, motion controllers, & gear box solutions
MagLube	Micro-lubrication
PCC	Fluid power fitting & adapters

* Currently not distributed in Indiana by Donald Engineering.
** Currently not distributed in East-Michigan by Donald Engineering.

Donald Engineering

Partnership Driven Solutions

Industrial

Quality components for a lower total cost of ownership.

Industrial Safety
Fluid Power (Hydraulic & Pneumatic)
Vacuum
Lubrication

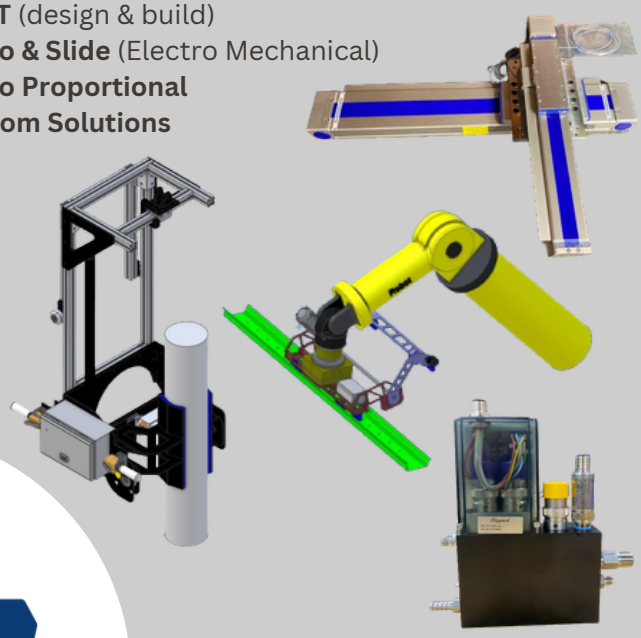

Mechatronics

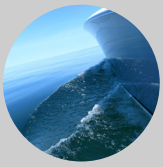

Strategic partner for automation solutions.

EOAT (design & build)
Servo & Slide (Electro Mechanical)
Servo Proportional
Custom Solutions

Partnership Driven Solutions

Marine

Custom automation solutions for marine applications.

Marine specific motion control
TV Lifts
Seat Motion
Durable actuation (salt water/outdoor)
Custom Solutions

Medical

Providing custom-engineered life science solutions.

Precise fluid control (flow, pressure, gas mixing)
Sterile & drip free fluid management
Tubing
Custom Solutions
